I do not think we did anything in the 4<sup>th</sup> qtr actually. We were waiting for EPA to finish. Lets discuss quickly how to say that using a few more words.

Ong does have the report for the third quarter of 2008. We only need the 4th quarter report, please.

The draw for the last quarter of 2008 is ready to go. However, we need to include a "quarterly" report (for the period July 1st through December 31, 2008) with the draw request. Are you going to write it?
